SCORING SYSTEM

The Swimming WA OWS Series scoring system will be used to determine an overall male and female winner of the Series.

Points will only be awarded to those who complete an official time under FINA rules.

Points are awarded to the first eight (8) swimmers in each category, with the winner receiving eight points to eighth receiving one point.

The points will then be multiplied by the distance swum in kilometres.

E.g. The winner of the 10km event would get 80 points (8x10) compared to the winner of the 2.5km event who would get 20 points (8x2.5).

To qualify swimmers must complete eight (8) Swimming WA events.

One of these events must be regional.
